

# *The 5 Fundamental Truths of Trading*

1. Anything can happen
2. You don't need to know what is going to happen next in order to make money
3. There is a random distribution between wins and losses for any given set of variables that define an edge
4. An edge is nothing more than an indication of a higher probability of one thing happening over another
5. Every moment in the market is unique

## *I AM A CONSISTENT WINNER BECAUSE:*

1. I objectively identify my edges.
2. I predefine the risk of every trade.
3. I completely accept risk or I am willing to let go of the trade.
4. I act on my edges without reservation or hesitation.
5. I pay myself as the market makes money available to me.
6. I continually monitor my susceptibility for making errors.
7. I understand the absolute necessity of these principles of consistent success and, therefore, I never violate them.
