

## Genjutsu Angle Technique

Video on the Strategy: <https://www.youtube.com/watch?v=fA9mgHLYzek&feature=youtu.be>

### Rules

#### Long Trades

1. 2 candle reversal UP arrow alert
2. Price is in sharp overall UPtrend with 5MA(Red) above 10MA(Orange), 10MA above 21 EMA, 21 EMA above Dragon(34 low, close and high EMAs) with positive MA angle of 18 degrees or more(the more the better).
3. 2 candle reversal arrow alert candle is in between one of the following pairs of MA: 10MA and 21 EMA, 21 EMA and Dragon top, Dragon top and Dragon Center, Dragon Center and Dragon bottom
4. Watch out for resistance
5. Take a CALL 1-2 candle expiry at candle close(you can do 3 or 5 candle expiry as well but 1-2 is best I feel)

#### Short Trades

1. 2 candle reversal DOWN arrow alert
2. Price is in sharp overall DOWNtrend with 5MA(Red) below 10MA(Orange), 10MA below 21 EMA, 21 EMA below Dragon(34 low, close and high EMAs) with negative MA angle of -18 degrees or less(the less the better).
3. 2 candle reversal arrow alert candle is in between one of the following pairs of MA: 10MA and 21 EMA, 21 EMA and Dragon bottom, Dragon bottom and Dragon Center, Dragon Center and Dragon top
4. Watch out for support
5. Take a PUT 1-2 candle expiry at candle close(you can do 3 or 5 candle expiry as well but 1-2 is best I feel)

**NOTE\*\* Avoid super BIG signal candles**
