4 Hr. Candlestick Chart

Comment: Like on the daily chart the price it's under the Kumo and it's ready to continues with the bearish trend. Look for entry short on lower timeframes.

1 Hr. Candlestick Chart

Comment: Everything it's ready to go short.

Trends	
Major Trend (W)	Weak Bearish
Median Trend (D)	Bearish
Minor Trend (4Hr)	Bearish

Conclusion: We wait all the week for this clarification, where the price break the lower side of the Kumo on the daily chart and on the 4 Hr.; now all conditions meet to go short for the next couple of days. Move to lower timeframe for a better entry
