Day 2

Breakouts

The screenshot shows a software window titled "Abonacci Pivot and Sentiment Calculator @". The interface is divided into several sections:

- Daily Range and Monthly Value:** A blue-bordered box containing input fields for "Close" (1.2802) and "Monthly Value" (1.2835). A "Calculate" button is located to the right.
- High Break Out:** A red box displaying the value 1.2841.
- Low Break Out:** A blue box displaying the value 1.2763.
- Pivot:** A black box displaying the value 1.2802.
- Monthly Sentiment:** A green box displaying the value 1.2842.
- High Low Break Outs:** A grey-bordered box containing several calculation results:
 - Making New Monthly High: 1.2951
 - Break out 2: 1.2908
 - Target: 1.2866
 - HighBreak out 1: 1.2813
 - Pivot: 1.2802
 - Low Break Out 1: 1.2781
 - Target: 1.2770
 - Low Break Out 2: 1.2739
 - Target: 1.2697
- Abonacci Pivot Calculator:** A white-bordered box with the title "Abonacci Pivot Calculator" and "Ver 1.0". It contains instructions: "Please Enter Close of Day and Monthly Value. Monthly Value should be taken from Abonacci Template Power3. Monthly Value should be exactly 50% level of current Phase." At the bottom, it lists "Copyright 2010 , Abonacci" and "Bobi.Abonacci@gmail.com".
