Comment: Price has broken out of the previous range. Previous candle shows buyers taking profit. Bullish.

Trends	
Major Trend (W)	bullish
Median Trend (D)	bullish
Minor Trend (4Hr)	bullish

Conclusion: The main trend is bullish (Weekly, Daily and 4Hr). A small correction occurred although it might have been the big boys running stops. Economic releases allowed price to push through stubborn resistance areas. Watch for trend resumption. *Take note of previous daily kumo levels as possible resistance.
