//
//      WARNING: To all guys out there sellings Eas they find on forums, i
//      seriously warn them to not do it with 2Day EA. Great codders are
//      stopping to developpe EAs due do this Jerks (just do a search on popular
//      auctions websites). I will stop too.
//
//                                     THIS IS FREE!!

```

```
//----- VERSION 6 -----
// ~Full Automated~
// Place EA on all 4 pairs (GBPJPY, GBPUSD, CHFJPY, USDCHF)
// Go to EA Properties and:
// * Select Year,Month,Day,that you want to start trading.
// * Select HOUR, MINUTEini, MINUTEend that orders will be sent everyday.
// (You can change HOUR, MINUTEini, MINUTEend, anyday if you need to)
// * If you skip a trading day, change (Year,Month,Day) so that Today,
// the correct Round will be placed
// * Keep computer running 24/7 (if possible)
//-----
// WARNING: HOUR AND MINUTES MUST BE BROKER´S
//      (check Market Watch for correct Broker Time);
//
// WARNING2: Use EA at YOUR OWN RISK! (EA may have BUGS!!)
