The EA will open a Basket of trades from the Trade suggestions of the CCFp-Diff indicator at London open.

The screenshot shows the 'xm7\_Ccfp\_Wkly\_TradeMonitor\_v37.7.2' window. On the left, three green-bordered boxes provide instructions: 'Be sure to Enable Auto Trading to see the Smiley Face' (with a purple arrow pointing to the 'AutoTrading' button in the top toolbar), 'Click there Enter Comments' (with a yellow arrow pointing to the 'CCFp Trade Level 2, Use Current - TRUE' button), and 'Check this stuff' (with three orange arrows pointing to the 'Day of Week Basket Opens GMT: Monday', 'Basket will open at Hour GMT: 007:00', and 'Basket will be Closed on Friday at GMT: 19:50' lines). The main window content includes buttons for 'Reset EA' and 'Close All Trades', followed by the text 'CCFp Trade Level 2, Use Current - TRUE'. Below this, it displays 'Basket 01' statistics: Pip Gain: 0 pips, %Gain: 0%, Day%: 0%, Week%: 0%, Month%: 0%, Year%: 0%. Further down, it shows 'Max Week Pip Count: 0.0 pips' and 'Min Week Pip Count: 0.0 pips'. At the bottom, it lists 'Account Margin in use: \$0.00', 'Account Balance:', and 'Account Equity:'.
