Going for high-yield bonds (or not) .....	63

Calculating callability .....	64
Coveting convertibility .....	65
Lots of Protection: Agency Bonds.....	65
Slurping up your alphabet soup.....	66
Introducing the agency biggies.....	67
Comparing agency bonds.....	68
(Almost) Tax-free Havens: Municipal Bonds .....	69
Comparing and contrasting with other bonds .....	70
Realizing that all cities (or bridges or hospitals) are not created equal .....	70
Enjoying low risk .....	71
Rating munis .....	71
Choosing from a vast array of possibilities .....	72
Taxes you may pay, even for a muni.....	73
<b>Chapter 3: Getting to Know Mutual Funds .....</b>	<b>75</b>
Defining the Mutual Fund.....	75
Open-end funds .....	76
Closed-end funds .....	76
Knowing How Big Fund Companies Fit In .....	77
Meeting Myriad Types of Mutual Funds.....	77
Stock funds.....	78
Bond funds .....	80
Total return funds.....	81
Money market funds .....	82
Keeping a Close Eye on Sales Charges .....	82
No-load funds.....	82
Front-end load funds .....	83
Back-end load funds.....	83
12b-1 fees .....	84
Being a Savvy Mutual Fund Investor .....	84
Doing the research .....	84
Reading the prospectus.....	85
Making the investment .....	86
Handling the taxes.....	87
<b>Chapter 4: The ABCs of ETFs .....</b>	<b>89</b>
Defining ETFs.....	89
Advantages of ETFs.....	90
Other things to know about ETFs .....	92
Getting in on the Action .....	93
Choosing a brokerage house.....	93
Opening an account .....	95
Placing an order to buy .....	96
Managing risk with ETFs.....	96
Exploring ETF Options Galore .....	97
Blended options for large cap exposure .....	97
Strictly large growth.....	98
Large value stock best buys.....	100

Small cap blend funds.....	101
Strictly small cap growth funds.....	102
Diminutive dazzlers: Small value ETFs .....	103
Micro caps.....	104
Bond ETFs .....	105
Real estate investing (REITs) .....	107
<b>Chapter 5: Annuities .....</b>	<b>109</b>
Introducing Annuities .....	109
Looking at how annuities work.....	110
Getting to know the participants .....	111
Noting common elements of all (or most) annuities .....	112
Deciding If An Annuity Is Right for You .....	113
Evaluating the pluses .....	114
Recognizing the minuses.....	116
Purchasing Annuities.....	117
The Main Types of Annuities .....	118
Fixed deferred annuities.....	119
Variable annuities.....	122
Immediate income annuities.....	123
Advanced life deferred annuities .....	125
 <b>Book 111: Futures and Options.....</b>	 <b>127</b>
<b>Chapter 1: Futures and Options Fundamentals.....</b>	<b>129</b>
Defining Futures and Options.....	129
Getting the Lowdown on Futures Trading .....	130
Futures exchanges: Where the magic happens .....	131
Futures trading systems: How trading actually takes place .....	132
Futures lingo .....	133
The individual players: Hedgers and speculators .....	135
Getting Up to Speed on Options.....	136
American- and European-style options .....	137
Types of options: Calls and puts .....	138
Option quotes .....	139
The all-important volatility .....	140
Measurements of risk: It's Greek to me .....	143
Should Futures or Options Be in Your Future?.....	146
How much money do you have? .....	146
How involved are you?.....	147
Before You Begin .....	147
Setting up shop: Technology.....	147
Knowing what you're getting into .....	148
Choosing an options broker.....	149
Completing the necessary paperwork.....	150

**Chapter 2: Being a Savvy Futures and Options Trader . . . . . 151**

Buying and selling at the current market.....	412
Averaging into a position .....	412
Trading breakouts .....	413
Making the Trade Correctly.....	415
Buying and selling online .....	415
Placing your orders .....	416
Managing the Trade .....	417
Monitoring the market.....	418
Updating your trade plan over time .....	419
Closing Out the Trade.....	422
Taking profits .....	422
Getting out when the price is right .....	424
Getting out when the time is right .....	424
After the Trade .....	424
Identifying what you did right and wrong.....	425
Updating your trading record.....	425

**Book VI: Hedge Funds .....427****Chapter 1: Getting the 411 on Hedge Funds ..... 429**

Defining Hedge Funds .....	429
Hedging: The heart of the hedge fund matter .....	430
Characteristics of hedge funds .....	430
Alpha: What hedge funds are all about .....	433
The People in Your Hedge Fund Neighborhood .....	434
Managers .....	434
Consultants .....	434
Fee, Fi, Fo, Cha Ching! Hedge Fund Fees .....	435
Management fees .....	435
Sales charges .....	436
Performance fees .....	436
Redemption fees .....	437
Commissions .....	437
Getting Info from Hedge Fund Managers .....	438
Fund Partnerships: General and Limited .....	438
General partners: Controlling the fund .....	439
Limited partners: Investing in the fund .....	439
Introducing Basic Types of Hedge Funds .....	440
Absolute-return funds .....	440
Directional funds .....	441
Is a Hedge Fund Right for You? .....	441
Accredited investor .....	441
Qualified purchaser .....	442
Alternatives if you don't qualify .....	442

**Chapter 2: Looking before You Leap: How Hedge Funds Work. . . . 443**

Examining Asset Options .....	444
Traditional asset classes .....	444
Alternative assets .....	445
Custom products and private deals .....	448

Poring over the Annual Report .....	546
Highlights .....	546
Letter to shareholders .....	546
Business summary .....	547
Management's discussion and analysis .....	547
The statements .....	547
Common size statements .....	548
Notes .....	548
Auditor's review .....	548
Reading the Balance Sheet .....	549
A swift kick in the asset .....	550
Does the company owe money? .....	555
Understanding the Earnings Statement .....	556
The bottom line and other lines .....	557
The top line .....	558
Cost of goods sold .....	558
Gross margin .....	559
Operating expenses .....	559
Operating income .....	561
Interest and taxes .....	562
Income from continuing operations .....	562
Extraordinaries .....	562
There you have it: Net income .....	563
Reading Cash Flow Statements .....	563
Cash flow from operations .....	564
Cash flow from investing activities .....	564
Free cash flow .....	565
Cash flow from financing activities .....	565
The Games Companies Play .....	566
Revenue stretch .....	566
Inventory valuation .....	568
Expense stretch .....	568
Write-offs: Big baths .....	570

**Chapter 3: Using Ratios as a Valuation Tool. . . . . 571**

The Basics of Using Ratios .....	571
Identifying ratio resources .....	572
Using ratios in your analysis .....	572
Key Ratios, Classified and Identified .....	573
Asset productivity ratios .....	574
Financial strength ratios .....	576

Profitability ratios .....	578
Valuation ratios .....	579
<b>Chapter 4: Valuing a Business.....</b>	<b>583</b>
A How-to Valuation Guide .....	583
Evaluating Intrinsic Value.....	584
Asking key questions .....	584
More about returns .....	585
Projecting future growth .....	587
Intrinsic Value Models .....	588
Intrinsic value worksheet models .....	588
The iStockResearch model.....	596
The Ben Graham model.....	597
Looking at Strategic Financials: It's All about ROE.....	597
The strategic profit formula.....	598
ROE value chain components .....	599
Measuring profitability .....	600
Measuring productivity .....	602
Looking at capital structure.....	605
Evaluating strategic intangibles .....	607
Deciding When the Price Is Right.....	611
Earnings yield .....	611
P/E and growth .....	612
A PEG in a poke.....	613
Hurdle rates and the 15 percent rule.....	614
A Practical Approach.....	615
 <b>Book VIII: Technical Analysis.....</b>	 <b>617</b>
<b>Chapter 1: Wrapping Your Brain around Technical Analysis .....</b>	<b>619</b>
Technical Analysis Defined: Observing Prices Directly .....	619
Charting course .....	620
Uncovering the essence of market movements .....	621
Figuring Out What's Normal: Drawing a Market Profile .....	622
Explaining the standard deviation .....	623
Trading normalcy.....	624
Using market profile to make trading decisions.....	624
Crowd Extremes and What to Do about Them.....	625
Overbought and oversold .....	626
Retracements .....	626
Looking at Market Sentiment.....	628
Tracking volume .....	629
Understanding market effects .....	631
Sampling information about sentiment .....	632
Accounting for seasonality .....	633

Searching for Historic Key Reversals .....	634
Enduring randomness.....	634
Remembering the last price.....	635
Using Chart Indicators.....	635
Choosing an analysis style .....	636
Examining how indicators work.....	638
Choosing and modifying indicators .....	641
Optimizing: The Necessary Evil .....	641
Constructing a back-test optimization .....	642
Taking a closer look at the test.....	643
Fixing the indicator .....	644
Applying the indicator again.....	645

## **Chapter 2: Reading Basic Bars to Special Bars ..... 647**

Building Basic Bars .....	647
Setting the tone: The opening price.....	648
Summarizing sentiment: The closing price.....	649
Tapping out: The high.....	651
Hitting bottom: The low .....	651
Using Bars to Identify Trends .....	651
Identifying an uptrend .....	651
Identifying a downtrend .....	652
But wait . . . nothing is that simple.....	653
Reading Special Bar Configurations.....	656
Continuation and reversal patterns .....	656
The daily trading range .....	657
Interpreting Common Special Bars.....	657
Closing on a high note .....	658
Spending the day inside .....	659
Getting outside for the day .....	659
Finding the close at the open.....	660
Understanding Spikes.....	660
Grasping Gaps .....	662
Lacking opportunity: Common gaps.....	663
Kicking things off: Breakaway gaps.....	664
Continuing the push: Runaway gaps.....	665
Calling it quits: Exhaustion gaps .....	665
Scoring big: Island reversals .....	665
Will the gap be filled? .....	666

## **Chapter 3: Charting the Market with Candlesticks..... 669**

Anatomy of a Candlestick .....	669
Drawing the real body.....	670
Defining doji: No real body.....	671
Studying the shadows.....	671
Identifying Emotional Extremes .....	674
Hammer and hanging man .....	675
Harami.....	676

Turning to Reversal Patterns.....	677
Recognizing Continuation Patterns .....	678
Interpreting a Series of Patterns .....	679

## **Chapter 4: Seeing Patterns and Drawing Trendlines . . . . . 681**

Introducing Patterns .....	681
Identifying Continuation Patterns.....	683
Ascending and descending triangles .....	684
Pennants and flags .....	685
Dead-cat bounce — phony reversal.....	686
Noting Classic Reversal Patterns .....	687
Double bottom.....	687
Double tops .....	688
The triple top: Head-and-shoulders .....	689
Drawing Trendlines.....	690
Forming impressionistic trendlines .....	692
Creating rule-based trendlines .....	693
Drawing support lines .....	694
Drawing resistance lines.....	696
Fine-tuning support and resistance .....	698
Drawing internal trendlines: Linear regression .....	698

## **Chapter 5: Transforming Channels into Forecasts. . . . . 703**

Channel-Drawing Basics .....	704
Drawing channels by hand.....	705
Letting software do the drawing .....	707
Noting the benefits of straight-line channels.....	707
Recognizing drawbacks of straight-line channels .....	707
Using Channels to Make Profit and Avoid Loss .....	708
Dealing with Breakouts.....	708
Distinguishing between false breakouts and the real thing.....	709
Putting breakouts into context .....	712
Riding the Regression Range .....	715
Introducing the standard error.....	715
Drawing a linear regression channel.....	716
Confirming hand-drawn channels .....	718
Seeing special features of the linear regression channel .....	719
Accepting drawbacks of linear regression channels .....	720
Pivot Point Support and Resistance Channel.....	720
Calculating the first zone of support and resistance.....	721
Calculating the second zone of support and resistance .....	722
Using pivot support and resistance .....	722

<b><i>Index</i>.....</b>	<b>725</b>
