H4 Week 23 - 3 to 7 April:  
This is a crucial week with several key data releases affecting AUD. And also NFP on 7 April.  
Expect high volatile week.  
1) there are several historical MN S&R in the regions where current Price Action is.  
2) Trading will be best kept to the use of the Prev W Fib and these MN S&R plus the RN.  
3) H4 setups using CS Patterns with PA at S&Rs, and the use of TMS Entry & Exit rules.  
4) The trading range between 178 and 242 for 4H swing trading.
