

Scammer Revealed

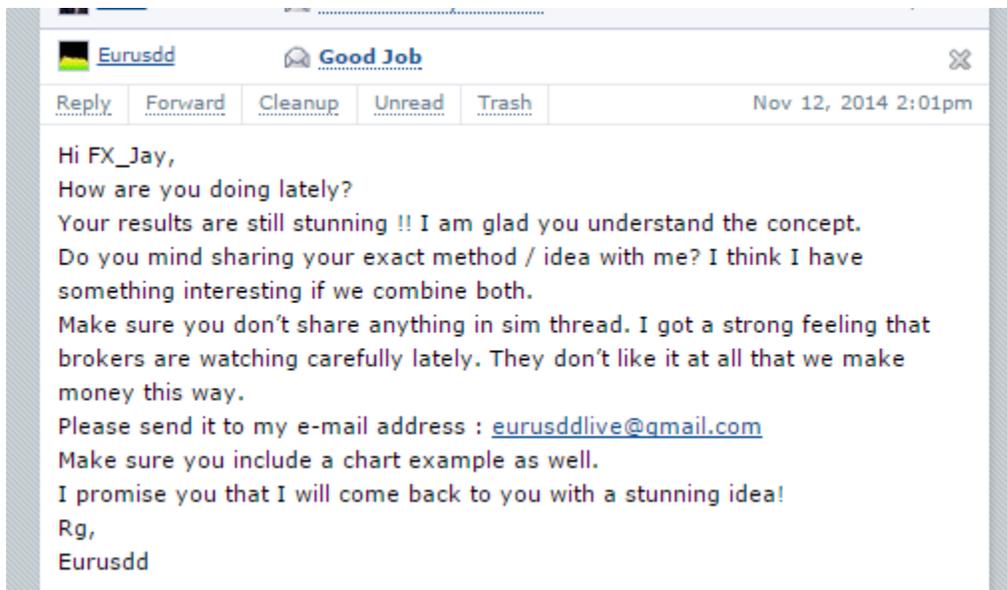

This is a guide on how to catch a scammer in the act & send him to hell

I'll show you step by step how the biggest most recent FF scam was busted

I hope you'll enjoy

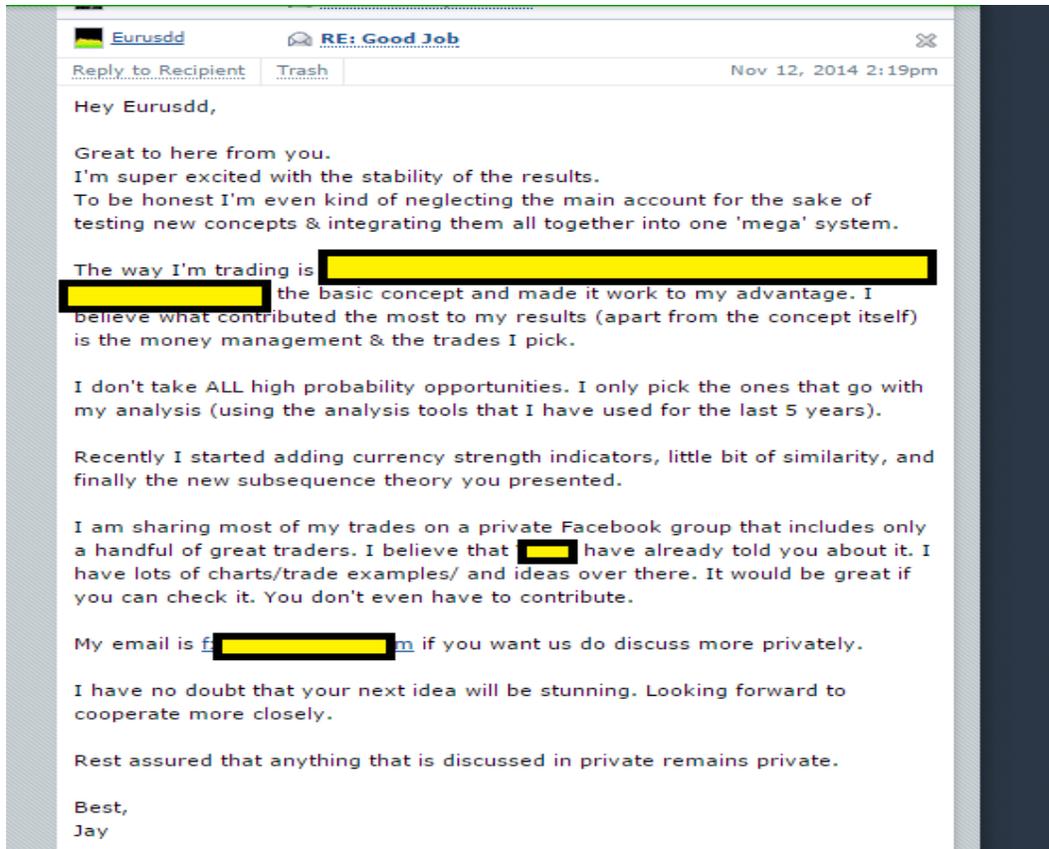

Here's how the scam starts.

You receive a nice PM like the one below:

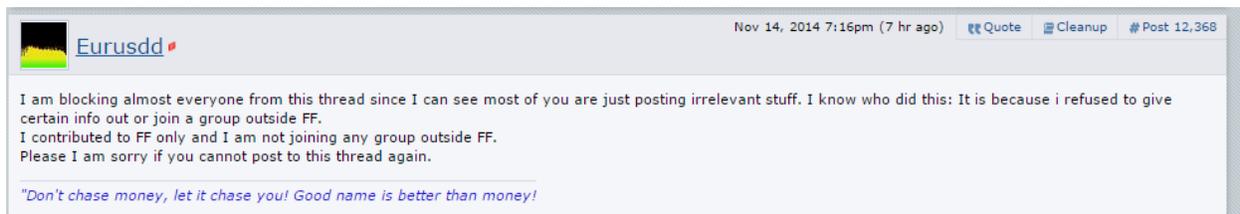

You get excited that the guy that managed to provide you with valuable theories on the thread wants to cooperate with you personally. However, you think between you and yourself, why would such a genius/expert/guru want me to share in details my system with him? After all, my TZ system is based on his ideas & I'm just a student. He also claims to have much more secrets that are more advanced than what we all know, so why would he even bother asking for a 'less advanced' system?

But the excitement gets the best of you & you decide to cooperate with this 'grand master'. So you reply with something like this:

What happens next is that that guy accepts your invite and actually adds you on Facebook. You feel happy and add him to the group that has all your (and your partners') indis, trade ideas, systems, live calls ...

Now before going forward, let's just fast forward and see how Mr. EURUSSDD explained the reason of this whole 'drama' that happened on his thread:

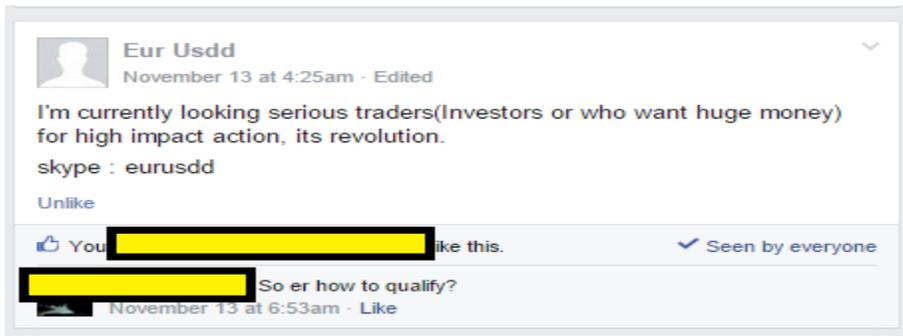

Hmmm so according to his recent statements he only contributes in FF and doesn't accept joining other groups, and since he refused joining other groups outside FF some people like me decided to create rumors about him. Interesting! Call me crazy, but didn't he say in his PM that he doesn't trust FF and that he wants us to communicate personally outside of FF? hmmm

And here's him NOT contributing the FB group that he didn't accept to join because of his loyalty to FF:

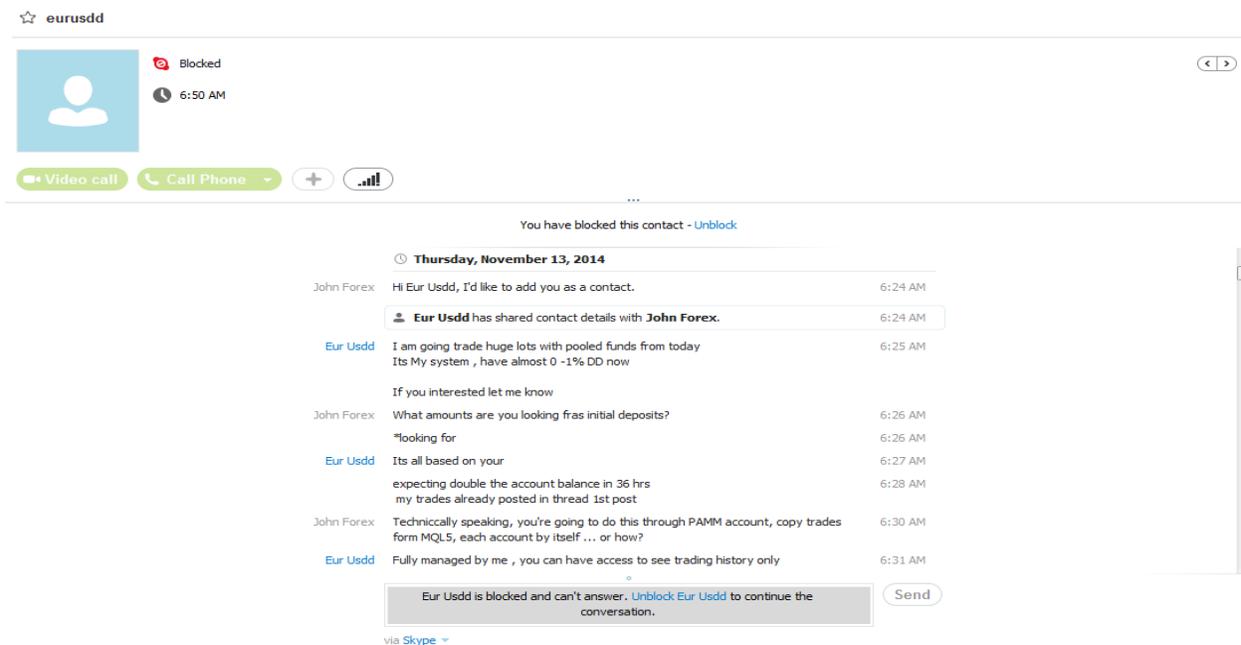

The screenshot shows a Facebook post from a user named 'Eur Usdd'. The post is titled 'Sub Sequence with fractals' and contains a file named '1.png' (Image). Below the file are buttons for 'Download', 'Preview', and 'Upload Revision'. The post is marked as 'Seen by everyone'. There are several comments from the same user, 'Eur Usdd', discussing a trading indicator. The comments are partially obscured by yellow redaction boxes. The visible text of the comments is as follows:

- Comment 1: "This is m5. However it's not similar to indicators created by Kiads or someone else. I am now working on this concept which makes us able to predict the outcome of current candle!!" (November 12 at 4:07pm, 4 likes)
- Comment 2: "My indicator generates signals realtime without delay. Once a new bar starts you will get a signal directly" (November 12 at 4:09pm, 3 likes)
- Comment 3: "Together we will be able to predict not only the outcome of current bar but also the next swing!" (November 12 at 4:10pm, 3 likes)
- Comment 4: "on all time frames ? now that would be SSSSS" (November 12 at 4:11pm, 1 like)
- Comment 5: "In the end it will be suitable for all timeframes" (November 12 at 4:11pm, 3 likes)

Till now everything was perfect & our excitement was increasing by the minute ... all until he decided to post this on his FB page:

So as a serious trader, I decided to add him on skype to see what is this all about.

So far so good. The guy wants to manage a fund and is searching for capital. But shouldn't he already have a huge capital given his supposedly amazing track record and previous experience .. at least that's what he says no?

From the moment he mentioned the fund, a red alarm sign popped above my head. However, I still wanted to see where this is going and how big is his project and who's going to be included ...

I got my answer really fast ... Every sucker possible is going to be included within this plan. The guy was approaching every contact he has to the extent that he even didn't know who is speaking to him even though my skype name is the same as my FB name: Forex John!

The screenshot shows a Facebook chat interface. At the top, there are 'Tools' and 'Help' options. Below that is the contact name 'eurusdd' with a star icon. The contact's profile picture is a blue square with a white person icon. To the right of the profile picture, it says 'Blocked' with a red eye icon and a clock icon showing '7:01 AM'. Below the profile picture are buttons for 'Video call', 'Call Phone', and a plus sign. The chat history shows a message from 'Eur Usdd' stating 'You have blocked this contact - Unblock'. Below this, there is a list of messages from 'Eur Usdd' and 'John Forex' discussing trading accounts and PAMM accounts. The messages include timestamps and a quote from John Forex: 'Technically speaking, you're going to do this through PAMM account, copy trades form MQL5, each account by itself ... or how? — John Forex, Thursday, November 13, 2014 6:30 AM'. The chat ends with 'FX-Jay' and a timestamp of 6:35 AM.

Anwz here's where the fun begins... up until this point the guy is still trying to operate a legit (sort of) business. Despite that its not morally right to use your reputation to suck in people (from FF) to manage their accounts without disclosing it on your public thread on FF, it is still not a scam!

Btw do you remember what he apologized for?

The screenshot shows a Facebook post by a user named 'Eurussd'. The post is dated 'Nov 14, 2014 4:44pm (10 hr ago)' and has 12,269 posts. The text of the post reads: 'Ok. Yes, I agreed to trade for someone. Maybe that is my mistake. I guess I should have introduced myself commercially, something i will not have time for. I apologized to all my followers and though you may crucify me now, there are very good ideas in this thread. I will quit FF this moment. Trying to share ideas with people only brought me pain!! Nothing more! Thank you.' Below the text is a quote: '"Don't chase money, let it chase you! Good name is better than money!'

Ok. people you guys can go ahead and crucify eurusdd for all you want. But i gave you the chance because i agreed to trade for someone. That is only wrong because i did not make it public in the commercial forum. But I want you to be objective and ask yourself if I have not given you something valuable! I did my best to help traders.

But it is all good. One mistake can take you down. Whatever, the case I will not take your insults personally. I have really moved beyond that stage!!!!

Learn from the thread though. You will gain a lot! Thank you and once again, I am sorry for the mistake I made. Apology: to all those who followed me!

"Don't chase money, let it chase you! Good name is better than money!"

He said his mistake (maybe – he wasn't very sure) was that he **AGREED TO TRADE FOR SOMEONE**.
He Agreed!! As in someone asked him 😊

So let's cut right to the chase and show you where the scam is:
I will put the interesting parts of the conversation I had with him on Skype.
Whoever needs the full conversation, I will be more than happy to provide it.

(Keep in mind that in my conversation I am doing my best to provoke him to say as much as possible in order to prove that he is a scam/fraud, I may sound stupid in the conversation, but I had to go down to his level to get as many proofs as possible)

[11/13/2014 6:44:42 AM] John Forex: where are they located, and are they regulated by a known authority?

[11/13/2014 6:45:06 AM] Eur Usdd: yes ofcourse

[11/13/2014 6:46:42 AM] John Forex: my account will be under my name, and you will manage it right?

[11/13/2014 6:47:13 AM] Eur Usdd: With my company name

[11/13/2014 6:49:20 AM] Eur Usdd: I really dont want to open my next secret fully in FF

[11/13/2014 6:59:24 AM] Eur Usdd: ?

[11/13/2014 6:59:43 AM] John Forex: sure let's do it

Hmm doesn't want to open his secret in FF. I thought he only shares stuff in FF, but what do I know I'm just a barely 24 year old kid that still has lots to learn in this life.

[11/13/2014 7:00:16 AM] Eur Usdd: You are unable to see the contents of this group because you are no longer a member.

[11/13/2014 7:00:59 AM] John Forex: what group?

[11/13/2014 7:01:12 AM] Eur Usdd: your group

[11/13/2014 7:01:28 AM] John Forex: on facebook?

[11/13/2014 7:01:35 AM] Eur Usdd: yes

[11/13/2014 7:01:54 AM] John Forex: why?

[11/13/2014 7:02:46 AM] Eur Usdd: donno

[11/13/2014 7:03:18 AM] John Forex: let me chek with the admins

[11/13/2014 7:04:05 AM] Eur Usdd: admin thats not you ?

[11/13/2014 7:04:31 AM] John Forex: I'm not the only one

[11/13/2014 7:05:52 AM] Eur Usdd: ok

At this point I blocked him out of the FB group so that he can't steal any of the ideas or indis presented there, because obviously the guy is a thief.

Up until this point I had doubts that EURUSDDs account on FF was hacked and someone was using it to steal money.

Btw why the hell is he asking who blocked him from group if he didn't even accept coming into the group in the 1st place?

[11/13/2014 7:05:52 AM] Eur Usdd: ok

[11/13/2014 7:06:08 AM] Eur Usdd: you have neteller.com account ?

[11/13/2014 7:07:02 AM] John Forex: no

[11/13/2014 7:07:41 AM] Eur Usdd: ok create a account and load funds

[11/13/2014 7:07:51 AM] Eur Usdd: you will get surprised with today trades

SCAM ALERT 4: Deposit right here right now! Today! Don't miss the opportunity! Damn!! This must be one hell of a sustainable system you have there if I would be missing a lot for not depositing today 😊

At this point I realize that the flag next to his skype name is Ghana/Africa.

The screenshot shows a Skype chat interface. At the top, there's a banner for learning how to make free voice and video calls. Below that, the contact name 'Eur Usdd' is displayed with a star icon and a help icon. The contact's profile picture is a light blue square with a white person icon. To the right of the profile picture, it says 'Offline' and '10:39 AM Ghana' with a Ghanaian flag. Below the profile picture are buttons for 'Video call', 'Call Phone', and a plus sign. The chat history shows three messages:

Sender	Message	Time
John Forex	why?	7:01 AM
Eur Usdd	donno	7:02 AM
John Forex	let me chek with the admins	7:03 AM

[11/13/2014 7:10:17 AM] John Forex: you are in ghana ?

[11/13/2014 7:14:19 AM] Eur Usdd: lol

[11/13/2014 7:14:47 AM] Eur Usdd: hahah you saw in skype profile

[11/13/2014 7:15:05 AM] Eur Usdd: created now

[11/13/2014 7:16:10 AM] Eur Usdd: people scaring ghana !!!

[11/13/2014 7:16:19 AM] Eur Usdd: dont think so

[11/13/2014 7:17:34 AM] John Forex: what do you mean?

[11/13/2014 7:18:01 AM] Eur Usdd: why di you ask ghana ? and removed from group

Suddenly after the above, his flag changes to US. He must have taken an express flight 😊

SCAM ALERT 5: Ghana is the mother of online scams + why would anyone want to hide his location and change it to US if currently located in Ghana ?

The screenshot shows a WhatsApp chat interface. At the top, the contact name is 'Eur Usdd' with a star icon. Below the name is a profile picture of a person with a white silhouette on a blue background. To the right of the profile picture, it says 'Online' with a green checkmark and '10:45 AM United States' with a US flag icon. Below the profile picture are buttons for 'Video call', 'Call', and a plus sign. The chat history shows the following messages:

Sender	Message	Time
Eur Usdd	ok create a account and load funds	7:07 AM
Eur Usdd	you will get surprised with today trades	7:07 AM
John Forex	you are in ghana ?	7:10 AM

[11/13/2014 8:10:36 AM] John Forex: okay

[11/13/2014 8:11:43 AM] John Forex: i didn't get anything

[11/13/2014 8:12:08 AM] John Forex: 85 74 145 WD

The screenshot shows an email header for a message from 'Eur Usdd' with the email address '8574145WD'. The header includes buttons for 'Reply', 'Forward', 'Cleanup', 'Unread', and 'Trash'. The date and time of the message are 'Nov 13, 2014 8:11am'. The email address '8574145WD' is also displayed below the header.

Apparently our scammer friend felt he was being scammed, so he decided to confirm if that was really me talking to him. Poor guy what he actually confirmed with this to the world is that this is really him on Skype 😊

[11/13/2014 8:16:35 AM] Eur Usdd: ok

[11/13/2014 8:16:46 AM] Eur Usdd: shall we start

[11/13/2014 8:18:58 AM] John Forex: I can not more, if I see results I will put all the \$200,000 that I have

[11/13/2014 8:19:09 AM] Eur Usdd: i hope the account will reach 2 times before 19

[11/13/2014 8:31:06 AM] Eur Usdd: thats the matter

[11/13/2014 8:31:37 AM] John Forex: If you want I have alot of people on FF that are willing to put moeny with you

The above is for FF admin/regulators to review. The guy is doing business using your client base without being labeled as a commercial member. I am not sure if this falls within tour terms and conditions. I did my best to push him to confess that he is using FF members as baits for his scams, and I believe the above is a clear confession.

[11/13/2014 8:39:30 AM] Eur Usdd: shall we start now ?

[11/13/2014 8:39:53 AM] John Forex: how much % will you take on profits?

[11/13/2014 8:40:59 AM] Eur Usdd: 30 to 50%

[11/13/2014 8:41:05 AM] Eur Usdd: based on account growth

[11/13/2014 8:42:04 AM] Eur Usdd: i wont take bankroll

[11/13/2014 8:42:10 AM] Eur Usdd: in profit

[11/13/2014 8:42:13 AM] Eur Usdd: lol

[11/13/2014 8:42:43 AM] John Forex: I mean we split profits 25 for you 75 for me , okay?

[11/13/2014 8:43:28 AM] Eur Usdd: why not 30% ?

[11/13/2014 8:44:34 AM] John Forex: I am putting 50K and later 200K man .. 30% is too much

[11/13/2014 8:46:20 AM] John Forex: so you said you triple the money in 2 day right?

[11/13/2014 8:46:26 AM] John Forex: without any drawdown

[11/13/2014 8:46:28 AM] John Forex: ?

[11/13/2014 8:47:43 AM] Eur Usdd: if we finish this before london close and NY open

[11/13/2014 8:48:06 AM] Eur Usdd: Big deal in H4

[11/13/2014 8:48:25 AM] John Forex: okay deal let's do it now!!

I'm very excited :))))

[11/13/2014 8:48:43 AM] Eur Usdd: you will excited every day

SCAM ALERT 7: Decreasing his % of profit share from 50% to 25% in a matter of seconds!! WOW Am I a great negotiator or what? Notice also how he tries again to push me to transfer him money today/right now again!

At this point I wanted to push it to the limit and confirm 100% if this is a theft scam or not. It was weird enough that he accepted to go from 50% to 30% to 25% in a matter of seconds. So will he go lower than 25%, if the answer is yes, then this guy doesn't really care about %, his aim is to just steal the capital.

[11/13/2014 8:48:51 AM] John Forex: but i feel that 25% is too much to share

[11/13/2014 8:49:07 AM] Eur Usdd: i cant go low

[11/13/2014 8:49:17 AM] John Forex: let's make it 10% and i will give you my credit card details now and you do the transfer

[11/13/2014 8:50:10 AM] Eur Usdd: if you agree we can move

[11/13/2014 8:50:29 AM] Eur Usdd: not below 25% im sure

[11/13/2014 8:51:16 AM] John Forex: I agree, but i have one comdition. You promise that I take 90% you take 10% of profits. 25 is too much! I am depositing 50K with you

[11/13/2014 8:51:47 AM] John Forex: !!

[11/13/2014 8:51:56 AM] John Forex: please agree and let's start the transfer

[11/13/2014 8:51:58 AM | Edited 8:52:07 AM] Eur Usdd: Sorry i can't go below 25%

[11/13/2014 8:52:16 AM] Eur Usdd: typo i cant

[11/13/2014 8:52:31 AM] John Forex: :(

[11/13/2014 8:53:01 AM] John Forex: i really wanted to cooperate with you. You are the best trader I have met

[11/13/2014 8:53:27 AM] Eur Usdd: you will get your account tripled soon , then you why think about my %

[11/13/2014 8:53:36 AM] Eur Usdd: thats im doing all trading for you

[11/13/2014 8:54:00 AM] John Forex: exactly! you shouldn't care about % since we will make alot of money together

[11/13/2014 8:54:09 AM] John Forex: so 90% - 10% ?

[11/13/2014 8:54:14 AM] Eur Usdd: Sorry

[11/13/2014 8:54:49 AM] Eur Usdd: if you cant agree we quit the deal

[11/13/2014 8:55:00 AM] Eur Usdd: :)

[11/13/2014 8:55:29 AM] John Forex: no problem, sorry I really got excited :(but i can't accept more than 10% profit sharing

[11/13/2014 8:55:53 AM] Eur Usdd: ok good luck

[11/13/2014 8:56:25 AM] John Forex: thanks you too

[11/13/2014 8:56:32 AM] John Forex: if you change your mind let me know

[11/13/2014 8:56:46 AM] Eur Usdd: [Thursday, November 13, 2014 8:56 AM] John Forex:

I officially suspend my participation on this thread until I get a **clear explanation** of the **scam** going around in Private Messages and outside FF

I have opened an FF account because of this Similarity thread and the amazing ideas presented here. Everything shared is invaluable, and if you applied correctly works like a charm.

However, I will not accept being part of a scam whether directly or indirectly!
Lots of people are already aware of this and know what I am talking about.

For whoever is responsible for this disgrace, you better fix it as soon as possible.

I am unsubscribing from this thread & will limit my participation to Vladyz Transient Zones - Basics Thread.

Best,
Jay
