## BuySell2.0 Indicator Installation Guide

1. Copy all of the ex4 files to your MT4 indicators folder
   eg. c:\Program Files\[MT4 Folder]\experts\indicators\

2. Copy buysell2.0.tpl to your MT4 templates folder
   eg, c:\Program Files\[MT4 Folder]\templates\

3. Restart your MT4

4. Open any currency pair in H4 timeframe, right click on your mouse, click on
   the *Templates* menu and then click on *BuySell2.0*

5. Now your chart should look like this:

6. You enter long only when you see blue arrow above dotted blue line.

7. You enter short only when you see red arrow below dotted red line.

8. SL is 1 pip above/below red/blue dotted line

9. Exit trade when the reverse signal is accured.
