

Usermanual Tradepanel Forexangel

1: Installation

copy the TradePanel.ex4 into the folder from the expert.

start the MT4 new or press refresh in the Navigator window.

open in the MT4 the tools / Options and then Expertadvisor.

Allow automated Trading and Allow DLL imports

Allow Webrequest for listed URL and add the URL <https://forexangel.de>
then press ok.

double click on the Tradepanel in the Navigator-Window,
choose the design from the Tradepanel

We have 4 designs for use:

the Bigpanel (left up)

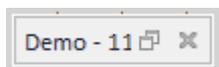

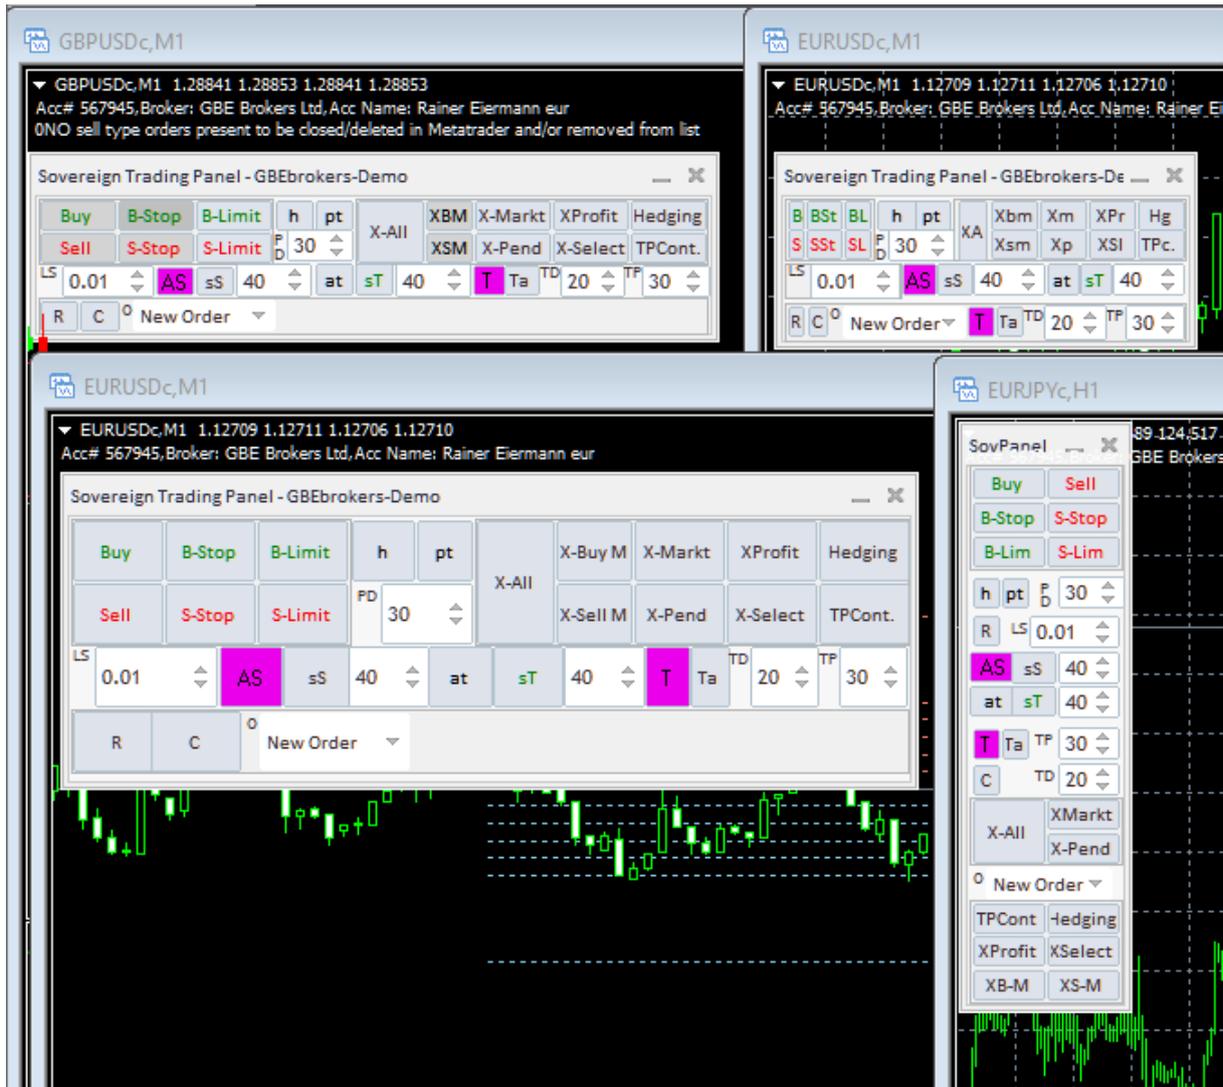

the TinyPanel (second left)

the TabletPanel(left down)

the Sideboard vertical (right)

and the Tradepanel will be in the open chart.

Usermanual Tradepanel Forexangel

The Tradepanel can be switched on and off

If you come with the Mouse to a Button then opens a Tooltip who explains what this Button will do

Usermanual Tradepanel Forexangel
