## Today's 4 Hour Candlestick Chart

### Comment: .....

Price action hit the target area for this pullback thanks to Ichi!!!!!!LOL  
Look for Bearish Signals on the Lower TFs

# 1 Hour Candlestick Chart

## Comments:

## Conclusion:

Price reached yesterday's target for the current pullback against the Bearish trend...

For a continuation of the down trend we will now need to see Bearish Signals on the lower time frames develop....

This will start with price action trading back below the Kumos...
