Ever been to a Boot Camp?

If not here is your opportunity to join our online Hammers & Walls Boot Camp.

As a member of the MLCC Forum you are invited to join us on this Boot Camp and familiarise yourself with the Hammers & Walls trading strategy. The aim of this Boot Camp is to cover the strategy in detail and to provide you with some valuable practical experience in applying the strategy.

You came to the MLCC Forum to learn what there is to learn about this strategy and now is the time to get your trading hands dirty. Two weeks of interactive training, trading and discussions backed up by enough examples and or practical work to ensure that you understand every detail of this trading strategy.

A detailed program along with all the material and or tools required will be published to the MLCC Forum on Monday for you to download.

On Tuesday we will do some final checks to ensure that everybody is onboard and that they have all the tools in place and they are up and running.

Come Wednesday we select first gear and head for the trading highway.

Make sure that you visit the MLCC Forum on Monday from around noon (GMT) and check the Members Forums for the 'Boot Camp' sub forum. Everything you need for the camp will be ready and waiting.

Non-members are welcome to join before the start date in order to join us on our camp. Please visit the MLCC Forum at [www.mlcc.co.za](http://www.mlcc.co.za) for more information. Membership is limited and will be handed out on a first come first serve basis.

Good weekend to all, speak to you on Monday.

Mike
